Dear Helen,

**Proposal**      **Knife Amnesty Bin**

**Location**      **Council Car Park Dragon Road Harrogate**

Using the principles of crime prevention through environmental design, I have reviewed the proposal to place a knife amnesty bin on the council car park at Dragon Road Harrogate.

A crime analysis does not reveal any issues in the area that could have an impact upon this proposal.

I have carried out a site visit and note that there are clear sight lines that will enable a person to make an informed choice on whether they will feel safe to approach the proposed location of the knife amnesty bin and use it to deposit a knife. The area is also illuminated and there is CCTV coverage.

The design of the knife amnesty bin is considered to be sufficiently robust and the draft procedure for its safe operation appropriate.

If I can be of further assistance, do not hesitate to contact me.

Yours sincerely,
